*BX Affiliate Program

This program functions much like a builders exchange - except it is significantly easier to use!

What you do: 1) Send us a project for posting in our public area and /or your personal planroom. (We provide easy file transfer tools)
2) List PlanroomDirect as a planholder on your bid invitation. That's it!

What we do: Provide your bidders with an easy to navigate online planroom to preview all your project documents. No registration. No log in. No fee for viewing the documents. We generate revenue by providing services to those who request it.
